WHY CHOOSE US

Enjoy Your Time Off How We Work

We deliver exceptional customer service by promptly responding to client comments, inquiries, or difficulties. When you have a query or a worry, you want an answer right away. We react to any problem with your facilities in under 30 minutes and try to address it the same day or the next day by all means.

SPARKLING CLEAN

To assess the effectiveness of our cleaning procedures, we employ scientific methodologies. During our monthly quality assurance checks at your site, we use ATP meters in addition to visual inspections.

LEADING TECHNOLOGIES

You pay for the time we spend cleaning. At Royal Queen Clean Janitorial Services, we use an employee timesheet application. "Time stealing" and "buddy punching" are no longer possible.

INSURED AND BONDED

Our primary focus is maintaining cleanliness with safety of your institution. We are proud of our safety record at Royal Queen Clean Janitorial Services.

RELIABLE CREWS

Does your cleaning service clean the break room table with the same polishing cloth and brushes as the bathroom restrooms? Not only is this a terrific method to transmit viruses and create an unhealthy atmosphere, but it's also just plain disgusting!

TESTIMONIALS

Trusted By Thousands Of People & Companies

Ashley

She has absolutely fantastic! Thank u!

Joyce

The owner and her team did a fantanic job. I will be using them again.
